

# USB-C 10Gbps 2-Hosts KVM Switch

SKU: USBC-478-GL Available now

- Switch between 2 Laptops with USB-C Alt Mode
- Charge both hosts at 85W each or one host at 100W
- 10 Gbps data transfer
- 4K@60Hz video resolution support
- RF Remote control, not more wires

Data Transfer

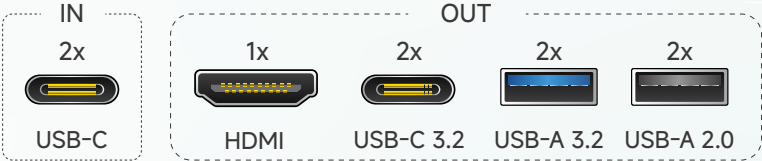

10Gbps

Video

4K@60Hz

PD Charging

100W

## Specifications

|                          |                  |                                                                          |
|--------------------------|------------------|--------------------------------------------------------------------------|
| Connectors               | Hosts            | 2x USB-C Female                                                          |
|                          | Device Connector | 1x HDMI Female                                                           |
|                          |                  | 2x USB-C Female                                                          |
|                          |                  | 4x USB Female                                                            |
|                          | Power            | 1x DC Power                                                              |
| Compatibility            | Host Support     | USB-C, Thunderbolt 3 / 4 / 5                                             |
|                          | OS Support       | OS Independent                                                           |
| Performance              | Display Support  | 4K@60Hz                                                                  |
|                          | Audio Support    | 5.1 Channel LPCM, Compressed Audio                                       |
|                          | Power Delivery   | 1 host: Up to 100 Watts; 2 hosts: Up to 85 Watts each                    |
|                          | USB-A            | 2x USB 3.2 (10Gbps); 2x USB 2.0 (480Mbps)                                |
|                          | USB-C            | 2x USB-C 3.2 (10Gbps)                                                    |
| Controls                 | Power Button     | On/Off Switch                                                            |
| Indicators               | LED Indicators   | Active Host Indicator (Blue)                                             |
| Physical Characteristics | Housing          | 2.9 x 5.7 x 0.9 in (72.5 x 144 x 23.4 mm)                                |
|                          | Finish           | ABS Housing                                                              |
| Packaging Information    | Accessories      | 2x USB-C 10Gbps Data-only Cables, 1x Remote Control, 1x DC Power Adapter |
| Country of Origin        |                  | Thailand                                                                 |
